

A Picasso Moment ...

March 26, 2010

The oil painting below is the work of Liu Yi, an expatriate Chinese in Canada. It was shown in New York City on March 6, 2005, under the title of "2008 Beijing." Since then it has generated so many interpretations (mostly economic and political) on the Internet that I thought you might want to give it a try as well - Are you worldly cultured enough to have your own interpretation?

Try your best! I will share with you my interpretation once enough interest is shown.

Enjoy!
