

● PA2304A

Compensatory Junction Box

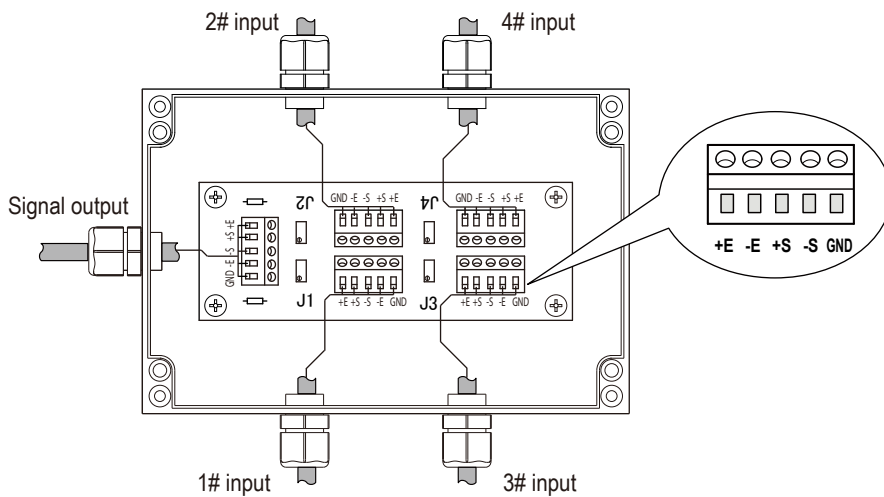

Hardware Characteristics

- * Aluminum alloy steel case
- * Tight sealing joints
- * Multi-coil adjustable resistance
- * Water-proof sealing

Functionality

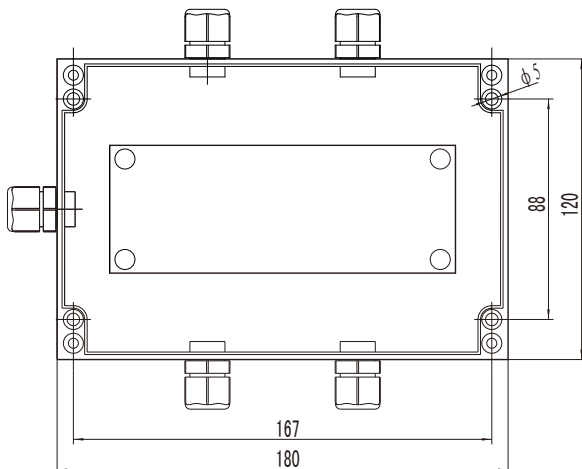

- * Signal summing for multiple transducers
- * Cable joint for multiple transducers
- * Balance adjustment for electronic scales

Inside layout and explanation

Terminal	Explanation
+E	Bridge resistance plus (+)
-E	Bridge resistance minus (-)
+S	Transducer signal plus (+)
-S	Transducer signal minus (-)
GND	Ground shielding

Case and dimension

- 1.Measurement: mm
- 2.Water-proof joint model: PG9
